Hi Yaffa and Staff

I am 62 years of age and I feel my skin needs a kick up the ass, as it looks tired and saggy. After 8 treatments, I have noticed that my skin looks alive and lifted. My friends have made comments that I am looking really good. Thank you for your wonderful service, I am very happy and will continue coming for maintenance as surgery is not an option.

Did you know? that having regular treatments of the Zhav Dynamic Derma Lift “The Hollywood Lift” will keep your skin looking years younger?

Dear Yaffa,

I am 65 years old and have started noticing that I look aged. I started researching into alternatives to Cosmetic Surgery and found your Anti-Aging Clinic. Once I had a consultation, it sounded like the right treatment for me. I have now completed 9 treatments and my skin looks great, feels rejuvenated and is youthful. I have decided to continue with a monthly treatment. Thank you for introducing me to this amazing, healthy and non-invasive treatment with excellent results.

Dear Silvia and Staff,

Just to let you know that my skin has never looked so amazing and lifted, my family comment on how well I look. Thank you for introducing me to the Hollywood Lift.
