SKIN CARE MANUAL

Beauty with Nature

INTRODUCTION

Yaffa Zhav, CEO

YAFFA ZHAV SKIN CARE range is the result of Yaffa's years spent searching for natural ways to deliver visible results in anti-ageing. Finally, here is a selection of products created for discerning users who really want to see a difference when they look in the mirror. Determined to deliver the very best for people everywhere, Yaffa herself has been personally involved throughout the creation of this range, monitoring research, production and testing. You can be assured that each product in the range represents an effective combination of natural formulations that will work together with your body for skin that is toned, firm, fresh and younger looking. Beauty with Nature has been the vision from the very start....and only the very finest carries the name of a beauty legend – Yaffa Zhav.

Beauty with Nature

YAFFA ZHAV SKIN CARE “BEAUTY WITH NATURE”

Yaffa Zhav has everything you need to help combat the ageing effects of “Free Radical Damage”. Everyday external aggressions to the body, changes oxygen molecules into free radicals, thereby damaging cellular walls and connective tissue. This faulty cell then mutates, carrying the damage in its blueprint.

The Yaffa Zhav range has a formula of Dead Sea minerals combined with Vitamins to help fight the free radical damage.

Dead Sea Minerals

The Dead Sea contains 21 minerals including:

- **Sodium and Chloride** – acting as a transport system through osmotic pressure
- **Magnesium** – is an anti-ageing mineral that aids assimilation of calcium and acts as an anti-inflammatory
- **Calcium** – helps to restructure the epidermis (needed for our bones and nails – plays an important role in the skin’s metabolism)
- **Bromide** – is a natural muscle relaxant
- **Iron** – oxygenates the cells – helps to strengthen the skin and keep it healthy
- **Zinc** – Essential for a healthy skin

The Human body is composed of 4-5% of minerals and consists of 75% water. These minerals are medically proven to be absolutely indispensable to important skin functions and general good skincare. By stimulating the skin, we get it to function better on the lowest cellular level. Minerals are the most suitable materials to stimulate the skin and restore vitality to cells. The “Dead Sea Minerals” strengthen the natural matrix and defence system.

Dead Sea minerals are recognized by the skin and are able to penetrate down to the basal layer where new cells are born.

The Yaffa Zhav solution is a result orientated skin care range offering products with soothing abilities, helping to prevent cell shrinkage and encouraging cell regeneration. The outcome is a skin looking and feeling rejuvenated, revitalized and restored.

The Vitamins and Your Skin

Vitamins are essential for the health of the skin; they reduce wrinkles and rejuvenate the skin, enhance water binding capacity, increases skin elasticity, acts as an antioxidant agent, protects and treats sun-damaged skin. However, the Vitamin structure is not very stable and can be easily damaged as a result of oxidation or changes in the pH.

The Yaffa Zhav range offers a topical Vitamin treatment for all skin types.

Vitamin A, C, E, and co-enzyme Q10 are inserted into micro capsules which sustain and protect their functionality, stability and efficiency.

The micro capsule technology isolates the vitamins and prevents diffusion into and out of the capsule, and controls the release – only upon application.

The micro capsules come in varied colours, allowing you visualization of vitamin absorption into the skin!

The **BLUE** capsules contain VITAMINS A & E

The **YELLOW** capsules contain VITAMIN E & CO-ENZYME Q10

The **GREEN** capsules contain VITAMINS C & e.

The **RED** capsules contain VITAMIN E.

Vitamin E: (Tocopherol Acetate) – Protects the skin from premature signs of ageing. Works as an anti-inflammatory and antioxidant agent. It enhances water-binding capacity and protects from environmental pollution (ozone-induced oxidative stress). Therapeutic properties – good for psoriasis also decreases erythema.

Vitamin A: (Retinol Palmitate) – Enhances water binding capacity of the skin cells and therefore reduces wrinkles and rejuvenates the skin.

Vitamin C: (Ascorbyl Palmitate) – An antioxidant agent which rejuvenates the skin, protects from sun damages and improves skin appearance by reducing fine lines and wrinkles.

Lipogard: Contains Ubiquinone – also known as **co-enzyme Q10**. Protects membrane lipids, act synergistically with Vitamin E as an antioxidant agent, part of the inner mitochondrial membrane where it supports cellular energy production, supports the skin's natural protection system, reduces wrinkles and rejuvenates the skin.

Important for increasing cellular metabolism.

Another important vitamin found in many of the products is called:

Vitamin F. It contains 3 essential fatty acids that are important for protecting and improving the skin's texture. This plant based vitamin prevents moisture loss and increases cell regeneration and collagen.

The Yaffa Zhav products contain **Natural Moisturizing Factors (NMF)** similar to those found present in the skin. These include Amino acids, Hyaluronic

Acid and Saccharide Isomerate (high concentration of carbohydrates with a high sugar content.)

Many therapeutic and soothing elements are found in the Yaffa Zhav range. These ingredients includes:

WitchHazel

- A vasoconstrictor which relaxes the skin. It has astringent properties that help absorption into the skin of the active ingredients. It also acts as an anti-inflammatory.

Allantoin

- Easily absorbed through the skin
- Counteracts swelling & flordity
- Anti-inflammatory
- Anti-irritant
- Skin Protector
- Promotes wound healing
- Renews cells
- Thickens blood vessels – good for fragile skin
- Good for sensitive, irritated and acne skins
- Aids in the healing of damaged skin by stimulating new tissue growth

Kaolin

- Counteracts swelling and flordity
- Absorbs impurities, toxins and excess oils from the skin

Aloe Vera

- Ingredients include vitamins, minerals, proteins, enzymes and - healing amino acids
- Anti-inflammatory – cools and protects the skin
- An Antioxidant – Anti-ageing
- Improves skin texture
- Moisturizing
- Removes dead skin cells – lightens pigmentation
- Wound healing
- Antibiotic

Beauty with Nature

Yaffa Zhav skincare is a treatment range with natural ingredients. The Yaffa Zhav range uses a combination of unsaturated oils to help prevent skin ageing.

These oils include:

Rosehip Oil

- Antioxidant effect/natural source of Vitamin A to prevent ageing from the sun
- Rich in Essential Fatty Acids
- Important for a healthy skin
- Helps to regenerate skin cells
- Repairs damaged skin tissues

Improves appearance of burns, scars, acne scarring, wrinkles & stretchmarks

Intensive skin re-hydrator – treats dry skin

- Aids in reducing redness due to Rosacea
- Reduces wrinkles and fine lines
- Good for “after sun” skin care regime
- Soothes, nourishes, moisturises and softens skin
- Balances all skin types
- Restores normal skin colour

Evening primrose oil

- Contains a fatty acid (linoleic acid) which is needed for the skin to make ceramides and is essential for cell structure.
- Increases firmness, elasticity and moisture
- Treats acne (bactericidal and soothing)
- Treats rosacea
- Transports active substances into the skin

Borage seed oil

- Contains essential fatty acids which improves the skin's texture
- Increases skin's moisture levels
- Similar to oils in the skin

Squalane oil

- Increases cell regeneration
- Increases moisture
- Protects against sun radiation
- Therapeutic – good for problem skin, healing infections, soothing
- Prevents age spots and aids in reducing pigmentation
- Increases skin's suppleness
- Reduces wrinkles – prevents skin ageing

Jojoba oil:

- Reduces wrinkles (anti-ageing)
- Softens tissues (fades stretchmarks and scars)
- Moisturising – counteracts flaking and dryness of skin

Sweet Almond Oil

- Good for all skin types
- Softens and conditions the skin
- Relieves dryness, itching and inflammation

This oil contains glucodides, minerals and vitamins which are rich in protein.

Olive oil

- Rich in antioxidants – Vitamin A, E & F
- Contains pro-vitamin A retinol that tones, protects and improves skin's texture
- Acts as a powerful emollient
- Increases cell regeneration
- Smooths and softens skin while reinforcing skin's natural protective barrier – improving skin elasticity
- Increases hydration
- Therapeutic properties such as fighting acne

Wheatgerm oil

- Contains vitamin E, B1, B2, B3, B6 and Vitamin A.
- Contains minerals such as:
- Phosphorus – helps in construction of cell membranes and increases skin resistance
- Zinc – essential for a healthy skin
- Iron – helps to strengthen the skin and keep it healthy
- Sulphur – anti-bacterial agent
- Potassium – skin conditioning agent

Which make it highly nutritious for the skin.

Avocado Oil

- Contains Vitamins A, D, & E which is important for a healthy skin.
- Anti-bacterial (healing) properties
- Protects the skin from harmful sun rays
- Penetrates deeper into the skin

Many products in the range have plant extracts from micro-algae which neutralizes polluting agents and its affects on the skin. The Algae improves moisture levels and provides the skin with energy source (increasing cellular metabolism)

This result orientated range has liposomes to aid deeper penetration of raw ingredients into the skin.

YAFFA ZHAV SKIN CARE “BEAUTY WITH NATURE”

Argan Plant Stem Cell Range

The range is chemical free and without Parabens, Preservatives, Perfume, Colorants, S.L.S., Mineral Oil, Allergens, Silicones, Propylene Glycol, Petrolatum, Peg, Carbomer

“Intercellular Day Cream”

Skin Type: Dry, Sensitive

Active Ingredients include:

PhytoCellTec Argan

- Made from stem cells of the Argan tree
- Developed to improve the regenerative capacity of dermal stem cells
- It's encapsulated in liposomes to improve its absorption by the skin
- They improve skin density, reduces wrinkle depth and improves skin firmness

DermCom

- Based on Crocus Chrysanthus bulb extract
- Can slow the ageing process by stimulating communication between the skin cells
- Mimics the activity of “natural growth factor” to repair the skin matrix
- Stimulates Keratinocytes to secrete growth factors that could enhance the synthesis of collagen and elastin in the dermis
- Significantly increases skin firmness and rejuvenation

Matrixyl Synthe 6

- Strong, anti-ageing and anti-wrinkle
- Evens out skin tone
- Stimulates Collagen I, Collagen III, Collagen IV
- Stimulates tissue repair (Fibronectin)
- Stimulates Hyaluronic Acid to improve skin moisture, elasticity and UV protection
- Facilitates in the healing of injured epidermis (Laminin -5)
- Smoothes wrinkles particularly on the forehead and crow's feet

Directions for use:

For daytime use – apply to cleansed face with gentle patting motions until absorbed.

Features and benefits:

The result is a decrease in the appearance of wrinkles, an improvement in skin firmness and a reduction in signs of ageing.

“Intercellular Night Cream”

Skin Type: Dry, sensitive

Active Ingredients include:

PhytoCellTec Argan

- Made from stem cells of the Argan tree
- Developed to improve the regenerative capacity of dermal stem cells
- It's encapsulated in liposome's to improve its absorption by the skin
- They improve skin density, reduces wrinkle depth and improves skin firmness

DermCom

- Based on Crocus Chrysanthus bulb extract
- Can slow the ageing process by stimulating communication between the skin cells
- Mimics the activity of “natural growth factor” to repair the skin matrix
- Stimulates Keratinocytes to secrete growth factors that could enhance the synthesis of collagen and elastin in the dermis
- Significantly increases skin firmness and rejuvenation

Chronodyn

- Cell energiser that tones and firms the skin
- Enhances skin vitality
- Fights against signs of fatigue

Directions for use:

For evening use – apply to a cleansed face with gentle patting motions until absorbed.

Features and benefits:

The result is an improvement in skin firmness and density and diminished signs of fatigue.

Beauty with Nature

“Intercellular Serum”

Skin Type: Dry, sensitive

Active ingredients include:

PhytoCellTec Argan

- Made from stem cells of the Argan tree
- Developed to improve the regenerative capacity of dermal stem cells
- It's encapsulated in liposomes to improve its absorption by the skin
- They improve skin density, reduces wrinkle depth and improves skin firmness

DermCom

- Based on Crocus Chrysanthus bulb extract
- Can slow the ageing process by stimulating communication between the skin cells
- Mimics the activity of “natural growth factor” to repair the skin matrix
- Stimulates Keratinocytes to secrete growth factors that could enhance the synthesis of collagen and elastin in the dermis
- Significantly increases skin firmness and rejuvenation

Matrixyl Synthe 6

- Strong, anti-ageing and anti-wrinkle
- Evens out skin tone
- Stimulates Collagen I, Collagen III, Collagen IV
- Stimulates tissue repair (Fibronectin)
- Stimulates Hyaluronic Acid to improve skin moisture, elasticity and UV protection
- Facilitates in the healing of injured epidermis (Laminin -5)
- Smooths wrinkles particularly on the forehead and crow's feet

Directions for use:

Apply a few drops on a clean face and tap gently until absorbed.

Features and benefits:

This innovative face serum provides maximum anti-ageing effect.

Introducing

YAFFA ZHAV DERMO PLANT STEM CELLS

from the apple

Yaffa Zhav is proud to present the revolutionary PhytoCellTec technology. Plant stem cells are obtained and incorporated into cosmetic products to ensure the longevity of skin cells, resulting in amazing Anti-Ageing effects.

PhytoCellTec is rich in epigenetic factors and metabolites, thus providing the cosmetic benefits of:

- Protecting longevity of skin Stem Cells
- Delaying senescence of essential cells.
- Rejuvenating the skin.
- Decreasing wrinkles depth.
- Fighting against chronological ageing.

PLANT STEM CELLS – HIGH-TECH TECHNOLOGY TO PROTECT HUMAN SKIN STEM CELLS.

Stem Cell technology is based on the fact that our skin has the ability and the potential to remain young. This ability exists in our Stem Cells, which are located in the basal layer of the epidermis. Their function is to replenish and maintain the balance of cells within the skin tissue and regenerate damaged tissues during injury. The Stem Cells monitor the correct function of the skin, therefore keeping it healthy.

As the skin ages, the ability of our Stem Cells to function decreases. In order to solve this problem, PhytoCellTec re-encourages our skin Stem Cells to perform better, by using outer Stem Cells from a plant origin.

Moreover, the line combines some of the best anti-ageing ingredients:

- **Matrixyl 3000**, for significant wrinkle decrease.
- **Chronodyn**, provides energy for the cells.
- **Idealift**, protects against skin sagging.
- **Chromocare**, for radiance effect.
- **Dynalift**, for immediate lifting and firming effect.

YAFFA ZHAV DERMO PLANT STEM CELLS, HIGH-TEC TECHNOLOGY TO PROTECT HUMAN SKIN.

ANTI WRINKLE DAY CREAM

The Anti-Ageing Day Cream was developed to decrease the appearance of wrinkles, to enhance skin firmness and to delay the marks of ageing. This advanced Day Cream is enriched with plant Stem Cells whose function is to boost the skin's Stem Cells into a more effective intense action. The Day Cream contains **Matrixyl 3000**, for a strong anti wrinkle effect, and **Renovage**, for improvement in firmness and elasticity. The result is a younger-looking skin, which is better protected, softer and healthier.

ANTI GRAVITY CREAM

The Anti-Ageing Day Cream was developed to fight against skin sagging and to improve resistance to gravity. This Day Cream is based on 2 main ingredients: the first is plant Stem Cells, whose function is to promote balanced and healthy skin activity, which leads to a delay in skin ageing. The second is **Idealift**- an innovative active ingredient that helps ageing skin to fight against cutaneous sagging, decreases the visible effects of gravity on the skin, and provides a significant lifting effect. Moreover, the formula contains **Matrixyl 3000**, whose anti-wrinkle property was demonstrated through In-Vivo and In-Vitro tests.

RADIANCE EFFECT CREAM

The Anti-Ageing Day Cream was developed in order to achieve a radiant and beautiful skin, and to delay the marks of ageing. The Day Cream is enriched with plant Stem Cells to boost the skin's Stem Cells into a healthier and more effective action. The Day Cream contains the innovative active ingredient **Chromocare**, which fights against chromophores ageing and skin damage by protecting the skin from oxidative stress. Moreover, the cream contains, **Matrixyl 3000** for a strong anti wrinkle effect. The result is an improvement in texture and age marks, which leads to younger and radiant looking skin.

The line is based on natural ingredients for texture and preservation, hence without: Parabens, Propylene Glycol, Mineral Oil, Petroleum etc

ENERGIZING NIGHT CREAM

Most of the rejuvenating and rebuilding activity of the skin takes place during the night. This Night Cream provides essential Active ingredients designed to assist the skin to perform these actions more effectively. The cream encourages the activity of the skin's Stem Cells, which results in visible anti-Ageing effect. In addition, the formula contains the powerful Anti-Ageing Active Ingredient **Matrixyl 3000** with the unique ability to significantly decrease the depth of wrinkles, and **Chronodyn**, to stimulate cutaneous vitality and energy, to firm the skin and reduce the signs of fatigue.

REJUVENATING EYE CREAM

The eye area is the most important part of our face. Therefore it should receive special treatment. This Eye Cream acts to decrease the appearance of wrinkles and fine lines and to delay the marks of ageing. The Eye Cream contains plant Stem Cells – unique Active ingredient whose function is to boost the human skin's Stem Cells to perform better, in order to achieve a younger and healthier look. The formula contains **Chronodyn** – which stimulates cutaneous vitality and energy and provides the skin with the ability to assure its regenerative functions. **Chronodyn** firms and tones the skin, and fights against signs of fatigue. Moreover, the cream combines the powerful active ingredient **Matrixyl 3000** with the strong ability to significantly decrease the depth of wrinkles.

ANTI AGEING BEAUTY MASK

A creamy, rinse-off facial Mask, formulated with the innovative **PhytoCelltec** technology, whose function is to boost the human skin Stem Cells performance, in order to achieve a younger and healthier look. This excellent mask contains **Renovage** – a comprehensive Active Ingredient that fights against all signs of ageing and **Matrixyl 3000** with a strong wrinkle-decrease effect.

In addition, the formula is enriched with clay and Bamboosilk to absorb dulling surface sebum and impurities, and leave the skin visibly refined and refreshed. Reveals radiant new skin and eliminates signs of stress and fatigue. Excellent for all skin types.

“Firming Face Serum”

Skin Type: Very Dry Skin

Active Ingredients include:

Matrixyl 3000

- Strong, anti-ageing and anti-wrinkle
- Evens out skin tone
- Stimulates Collagen I, Collagen III, Collagen IV
- Stimulates tissue repair (Fibronectin)
- Stimulates Hyaluronic Acid to improve skin moisture, elasticity and UV protection
- Facilitates in the healing of injured epidermis (Laminin -5)
- Smooths wrinkles particularly on the forehead and crow's feet

Renovage

Fights against all signs of ageing including;

- Wrinkles
- Pores
- Redness
- Dehydrating
- Age spots
- Ineffective barrier functions

Chronodyn

- Stimulates cutaneous vitality and energy
- Firms the skin
- Reduces signs of fatigue

Directions for use:

Apply a few drops on clean face and tap gently until absorbed.

• YAFFA ZHAV SKIN CARE “BEAUTY WITH NATURE”

Minerals Plus – from the Dead Sea

The range is chemical free and without Parabens, Preservatives, Perfume, Colorants, S.L.S., Mineral Oil, Allergens, Silicones, Propylene Glycol, Petrolatum, Peg, Carbomer

“Moisturising Day Cream”

Skin type: Normal to dry skin

Active ingredients include:

Dead Sea Minerals

- Therapeutic
- Increases cellular metabolism
- Increases hydration

Lipactive Inca Inchi

- Vegetal oil richest in Omega 3, 6 and 9 which restores the cutaneous barrier and the epidermic elasticity of the skin.
- Decreases water loss while maintaining skin hydration
- Regulates the inflammatory process
- Treats dry and damaged skin

Argan Oil

- Obtained from the kernels of the Argan Tree
- Contains a high concentration of tocopherols (Vitamin E) that serves as an antioxidant that protects the skin
- Aids in skin hydration and smoothness

Directions for use:

Daytime use – apply to cleansed skin with gentle patting motion until absorbed.

Features and benefits

Innovative and natural formula to nurture and moisturise the skin. Light in texture and quickly absorbed. Based on natural ingredients to preserve skin texture.

Beauty with Nature

“Balancing Night cream”

Skin types: Normal to dry

Active ingredients include:

Dead Sea Minerals

- Therapeutic
- Increases cellular metabolism
- Increases hydration

Lipactive Inca Inchi

- Vegetal oil richest in Omega 3, 6 and 9 which restores the cutaneous barrier and the epidermic elasticity of the skin.
- Decreases water loss while maintaining skin hydration
- Regulates the inflammatory process
- Treats dry and damaged skin

Argan Oil

- Obtained from the kernels of the Argan Tree
- Contains a high concentration of tocopherols (Vitamin E) that serves as an antioxidant that protects the skin
- Aids in skin hydration and smoothness

Directions for use

Evening use: Apply to cleansed skin with gentle patting motions until absorbed.

Features and benefits

A pampering night cream that supplies rich nourishment and protection to the skin. Based on natural ingredients to preserve skin texture.

“Soothing Face Serum”

Skin Type: Normal to dry

Active ingredients include:

Dead Sea Minerals

- Therapeutic
- Increases cellular metabolism
- Increases hydration

Lipactive Inca Inchi

- Vegetal oil richest in Omega 3, 6 and 9 which restores the cutaneous barrier and the epidermic elasticity of the skin.
- Decreases water loss while maintaining skin hydration
- Regulates the inflammatory process
- Treats dry and damaged skin

Argan Oil

- Obtained from the kernels of the Argan Tree
- Contains a high concentration of tocopherols (Vitamin E) that serves as an antioxidant that protects the skin
- Aids in skin hydration and smoothness

Directions for use:

Apply a few drops on clean face and tap gently until absorbed.

Features and benefits

An innovative formula to combat the signs of ageing. Light in texture and quickly absorbed. Based on natural ingredients to preserve skin texture.

Cutting Edge Technology
with the
TOTAL EFFECT SKIN CARE

The latest 'Cutting Edge Technology' using peptides to prevent Skin Ageing

What is a Peptide?

Research has shown that Peptides unlike acids stimulate the natural rebuilding processes without irritating the skin. Peptides are nutrient rich protein fragments that help the skin's performance. Peptides saturate the skin with bio-elements and signals the cells to start the natural regeneration process. The signal function enables the body to repair damaged skin, produce new collagen fibres and renew the skin from 'inside out' which minimizes the formation of new lines.

The Total Effect range contains 5 unique peptides combined from plants and also synthesised in the laboratory.

1. Syn-ake – is a synthetic peptide mimicking activity of Waglerin 1 (polypeptide found in 'The Temple Viper's snake venom):
 - ✦ Inhibits muscle contractions
 - ✦ Reduces expression lines and wrinkles

Clinical Trials: wrinkles reduced up to 52 per cent after 28 days

2. Syn-coll – is a synthetic peptide that stimulates collagen aiding in reducing wrinkles.
The result is a firmer, hydrated skin
3. Pepha-active – is a plant peptide derived from Dunaliella Microalgae. This peptide acts as a 'stress manager' which energises the skin – increasing cell regeneration.
The result is a more hydrated radiant skin complexion.
4. Pepha-tight – is a peptide derived from Microalgae. It contains Vitamin C an (antioxidant) and B12 enhanced with polysaccharides. Polysaccharides are carbohydrates whose molecules consist of a number of sugar molecules bonded together. These glycol nutrients are:
 - ✦ soothing
 - ✦ produce healthy youthful skin cells
 - ✦ detoxifies the skin
 - ✦ superior skin tightening active ingredient
 - ✦ act as a protective shield against free radical damage
 - ✦ stimulates collagen – smoothes fine wrinkles
 - ✦ increases cell regeneration
5. Preregen – is a plant-based peptide. It acts as a shield against environmental aggressions to the skin eg atmospheric pollution – ozone, smog, sun, cold and common airborne pollutants.

Results are a more hydrated firmer skin, aiding in reducing superficial lines.

Total Effect Day Cream

Skin Type: Mature, Dry Skin

Note: This product can also be used for mature oily skin types that are dehydrated.

Active ingredients include:

- **Peptides:**
 - Syn-ake
 - Syn-coll
 - Pepha-active
 - Preregen
- **Algae extract:**
 - Contains vitamins, minerals and enzymes that neutralize pollutant agents and its affect on the skin.
 - Improves moisture levels
 - Increases cellular metabolism
- **Squalane:**
 - Increases cell regeneration
 - Protects against sun radiation
 - Increases moisture
 - Good for problem skin (healing and soothing)
 - Good for pigmentation (prevents age spots)
 - Increases the skin's suppleness
 - Reduces wrinkles (anti ageing)
- **Allantoin:**
 - Easily absorbed through the skin
 - Counteracts swelling & floridity
 - Anti-inflammatory
 - Anti-irritant
 - Skin Protector
 - Promotes wound healing
 - Renews cells
 - Thickens blood vessels – good for fragile skin
 - Good for sensitive, irritated and acne skins
 - Aids in the healing of damaged skin by stimulating new tissue growth
- **Borage Seed Oil:**
 - Improves the skin's texture
 - Increases moisture levels (oil is similar to oil that is in the skin).
- **Witch Hazel:**
 - Astringent properties
 - Anti-inflammatory
 - Relaxes the skin
 - Good for sensitive skins

- **Sodium Hyaluronate**
 - Mimics Hylaronic acid produced naturally by the body
 - Penetrates into the deeper layers of the skin
 - Hydrates, plumps up the skin and keeps the skin supple and moist
 - Reduces the appearance of wrinkles and lines
 - Safe and effective moisturiser
 - Non-irritating
- **Silica**
 - Trace mineral vital for healthy skin
 - Slows down the ageing process by enhancing the collagen process
 - Reduces wrinkles
 - Improves skin elasticity
 - Improves wound healing
 - Strengthens the body's connective tissues
 - Stimulates cell formation
- **Ubiquinone (comes from Lipogard)**
 - Powerful anti-oxidant (know as Coenzyme Q10)
 - Prevents collagen degradation
 - Increases cell renewal
 - Makes the skin look and feel firmer, softer and well toned
 - Provides optimal skin protection
 - Aids full cell membrane functionality
- **Vitamin E (works in conjunction with Vitamin C)**
 - Anti-oxidant that improves the barrier function of the skin
 - Rejuvenates & protects the skin from environmental damage
 - Therapeutic anti-inflammatory
 - Increases moisture levels
- **Vitamin C**
 - Anti-oxidant that stimulates collagen (reduces lines & wrinkles.
 - Rejuvenates the skin while protecting it from sun damage.

Directions for use

Apply to cleansed skin, for daytime use.

Features & Benefits

This is a nourishing moisturizing cream that protects the skin from free radical damage. Total Effect Day Cream has a SPF 15 sunscreen which is fragrance free and is beneficial for sensitive skins.

N.B. This is an excellent product to recommend to clients using the Lumo Zhav Dynamic Lift treatment as it will aid in the end result.

TOTAL EFFECT NIGHT CREAM

Skin Type: Mature Dry

N.B. A mature oily skin that is dehydrated can also use this product.

Active Ingredients include:

- **Peptides** - Syn-ake
Syn-coll
Pepha-active
Preregen
- **Squalane** - Increases cell regeneration
Protects against sun radiation
Increases moisture
Good for problem skin (healing and soothing)
Good for pigmentation (prevents age spots)
Increases skin's suppleness
Reduces wrinkles (anti-ageing)
- **Borage Seed Oil**
Improves the skin's texture
Increases moisture levels (oil is similar to oils that are found in the skin)
- **Sodium Hyaluronate**
 - mimics Hylaronic acid produced naturally by the body
Penetrates into the deeper layers of the skin
Hydrates, plumps up the skin and keeps the skin supple and moist
Reduces the appearance of wrinkles and lines
Safe and effective moisturiser
Non-irritating
- **Saccharide Isomerate**
Has moisturising properties
A carbohydrate similar to that found in the human skin
- **Vitamin C** (Ascorbic Acid)
Antioxidant that stimulates collagen - reduces lines and wrinkles
Rejuvenates the skin while protecting it from sun damage
- **Glycerin** - Soothing
Hydrating
An emollient

- **Sweet Almond Oil**

Softens, conditions and nourishes the skin.
Contains glucodides, minerals and vitamins A & E rich in protein.
Helps relieve dryness, itching and inflammation – used for all skin types
Rich in Essential Fatty acids

- **Allantoin** - Easily absorbed through the skin
Counteracts swelling & floridity
Anti-inflammatory
Anti-irritant
Skin Protector
Promotes wound healing
Renews cells
Thickens blood vessels – good for fragile skin
Good for sensitive, irritated and acne skins
Aids in the healing of damaged skin by stimulating new tissue growth

- **Magnesium**
Can pass through to the lower layers of the skin and heal the damaged skin cells
Anti-ageing and rejuvenation mineral
Most essential mineral in our cellular energy production and for cell division to occur

Directions for Use

Night time use.
Apply to cleansed face.

Features and benefits

This anti-ageing moisturizer nourishes the skin, stimulates collagen and protects from UV damage, resulting in a much improved skin texture.

N.B. This is an excellent product to recommend to clients using the Lumo Zhav Dynamic Lift treatment as it will aid in the end result.

Total Effect Serum

Skin Type: Mature, Dry Skin

Note: A mature oily skin which is dehydrated can use this formulation.

Active ingredients include:

- **Peptides:**
 - Syn-ake
 - Syn-coll
 - Pepha-active
 - Pepha-tight
- **Algae Extract:**
 - Contains vitamins, minerals and enzymes that neutralize pollutant agents and its affect on the skin
 - Improves moisture levels
 - Increased cellular metabolism
- **Saccharide Isomerate:**
 - A carbohydrate similar to that found in the human skin
 - Has moisturising properties
- **Dead Sea Mineral:**
 - Increases hydration
 - Increases cellular metabolism
 - Therapeutic
- **Vitamin C:**
 - (Ascorbic Acid)
 - Antioxidant that stimulates collagen
 - Reduces lines and wrinkles
 - Rejuvenates the skin while protecting it from sun damage
- **Allantoin:**
 - Easily absorbed through the skin
 - Counteracts swelling & floridity
 - Anti-inflammatory
 - Anti-irritant
 - Skin Protector
 - Promotes wound healing
 - Renews cells
 - Thickens blood vessels – good for fragile skin
 - Good for sensitive, irritated and acne skins
 - Aids in the healing of damaged skin by stimulating new tissue growth
- **Witch Hazel:**
 - Astringent properties
 - Anti-inflammatory
 - Relaxes the skin
 - Good for sensitive skin
- **Glycerine:**
 - Soothing and hydrating
 - An emollient
 - Hydrating

- **Silica:**
 - Trace mineral vital for healthy skin
 - Slows down the ageing process by enhancing the collagen process
 - Reduces wrinkles
 - Improves skin elasticity
 - Improves wound healing
 - Strengthens the body's connective tissues
 - Stimulates cell formation

- **Vitamin E:**
 - Works in conjunction with Vitamin C
 - An antioxidant that improves the barrier function of the skin
 - Rejuvenates & protects the skin from environmental damage
 - Anti-inflammatory – therapeutic
 - Increases moisture levels

- **Zinc Enriched Seaweed:** Seaweed is :
 - Therapeutic for problem skin
 - Controls Oil
 - Anti-inflammatory
 - Wound healing
 Zinc is:
 - essential for healthy skin
 - involved in cellular metabolism and cell division

Directions for Use:

Apply under night or day cream.

Features and Benefits:

Improves the skin's appearance with a firming and tightening effect.

Note: This is an excellent product to recommend to clients using the Lumo Zhav Dynamic Lift treatment as it will aid in the end result.

Gentle Cleanser

Skin Type: Normal to dry/very dry/sensitive

Active ingredients include:

- **Glycerin**
 - Hydrating
 - An emollient
 - Soothing
- **Dead Sea minerals**
 - Therapeutic
 - Increases cellular metabolism
 - Increases hydration
- **Saccharide Isomerate**
 - A carbohydrate similar to that found in the human skin
 - Has moisturising properties
- **Sodium Hyaluronate**
 - Mimics Hylaronic acid produced naturally by the body
 - Penetrates into the deeper layers of the skin
 - Hydrates, plumps up the skin and keeps the skin supple and moist
 - Reduces the appearance of wrinkles and lines
 - Safe and effective moisturiser
 - Non-irritating
- **Witch hazel**
 - Astringent properties
 - Anti-inflammatory
 - Relaxes the skin
 - Good for sensitive skins
 - Helps active ingredients absorb into the skin

Directions for use:

Massage on entire face. Rinse or remove with wet cotton pads.

Features & Benefits:

A milk cleanser that is light in texture, giving a deep cleanse. The gentle cleanser will moisturise the skin while balancing the PH levels. Extremely recommended for a very sensitive dry skin.

Purifying Gel

Skin Types: Normal to dry

Active Ingredients include:

- **WitchHazel**
 - Astringent properties
 - Anti-inflammatory
 - Relaxes the skin
- **Vitamin A**
 - Antioxidants that strengthen support tissue.
 - Rejuvenates the skin by aiding growth repair of the epidermis
 - Stimulates fibroblast cells to produce collagen and thicken the skin therefore reducing wrinkles
 - Improves firmness and elasticity
 - Increases moisture
- **Vitamin E**
 - Works in conjunction with Vitamin C
 - An antioxidant that improves the barrier function of the skin
 - Protects the skin from environmental damage
 - Therapeutic – anti-inflammatory
 - Rejuvenates the skin
- **Dead Sea Mineral Water**
 - Therapeutic
 - Increases cellular metabolism
 - increases hydration
- **Glycerin**
 - Hydrating
 - An emollient
 - Soothing
- **Lactic Acid**
 - Exfoliating
 - Rejuvenates skin
 - Increases cell renewal

Directions for use:

Massage with wet fingertips until foaming. Rinse off.

Features and Benefits:

Foam gel designed for deep cleansing without drying the skin. This cleanser balances the PH levels. Based on soothing elements for a sensitive skin. Leaves the skin with a fresh and silken appearance.

Gentle Freshener

Skin Type: Normal to Dry/Very Dry

Active Ingredients include:

- **WitchHazel**
 - Astringent properties
 - Anti-inflammatory
 - Relaxes the skin
- **Dead Sea Minerals**
 - Therapeutic
 - Increases cellular metabolism
 - increases hydration

Directions for use:

Use as a second cleanse to complete the process. Wipe over skin with cotton pads. Can be used to refresh the skin and can be used as an eye makeup remover. Recommended straight motions moving from centre of the face outwards.

Features and benefits

This freshener is a non-alcohol toner that balances the PH Levels and refines the pores. suitable for sensitive skins and an overall improvement in skin texture and hydration will be found.

24/7 Sebum Balancing Beauty Mask

The range is chemical free and without Parabens, Preservatives, Perfume, Colorants, S.L.S., Mineral Oil, Allergens, Silicones, Propylene Glycol, Petrolatum, Peg, Carbomer

Skin Type: For oily, combination and acne prone skin

Active ingredients include:

Resistem

- Obtained by stem cell culture
- Visibly reduces skin redness
- Helps in decreasing the level of toxins and pore inflammation

Evermat

- Visibly reduces pore size overall shine and sebum secretion
- Regulates the sebocyte differentiation and proliferation

Witch hazel

- Astringent properties – causes skin proteins to tighten and form a protective layer over damaged tissue
- Anti- inflammatory
- Relaxes the skin and skin remains soft for many hours

Sepicontrol A5

- Active ingredient dedicated to controlling oily acne prone skin

Acnacidol BG

- Balances the skin by decreasing sebum production, depositing anti bacterial properties and minimising the number of active sebaceous glands

RonaCare Bisabolol

- Produced by the anti-inflammatory active substance in chamomile. Antiinflammatory agent decreases redness accompanies by acne prone skin.

Directions for use

Apply a generous layer of mask on clean face and neck, after 10-20 minutes, gently remove with we cotton pads. Apply Balancing cream.

Features and benefits

This creamy, rinse off mask treats acne problems and oily skin by balancing and regulating sebum production while decreasing the proliferation of bacteria. Allows the skin to feel refreshed, clear and radiant.

Enzymatic Peeling Mask

Skin Types: For all skin types

Active Ingredients include:

- **Grapeseed Oil –**
Easily absorbed by the skin
Aids in tissue regeneration (repairs the tissues)
Locks in moisture
Astringent properties
Improves oily skins
Rich in Linoleic acid (fatty acid) which maintains cell membranes and treats skin problems (e.g. acne)
Contains antioxidants which minimizes fine lines and wrinkles
The fatty acids protect the skin from the sun, aids in wound healing and reduces stretch marks.
- **Sodium Hyaluronate –**
Mimics Hyaluronic acid produced naturally by the body
Penetrates into the deeper layers of the skin
Hydrates, plumps up the skin and keeps the skin supple and moist
Reduces the appearance of wrinkles and lines
Safe and effective moisturizer
Non-irritating
- **Silica –**
Trace mineral vital for healthy skin
Slows down the ageing process by enhancing the collagen process
Reduces wrinkles
Improves skin elasticity
Improves wound healing
Strengthens the body's connective tissues
Stimulates cell formation
- **Algae extract –**
Contains vitamins, minerals and enzymes to neutralize polluting agents and its affect on the skin.
Improves moisture levels
Increases cellular metabolism
- **Allantoin –**
Easily absorbed through the skin
Counteracts swelling & floridity
Anti-inflammatory
Anti-irritant
Skin Protector
Promotes wound healing
Renews cells
Thickens blood vessels – good for fragile skin

Good for sensitive, irritated and acne skins
Aids in the healing of damaged skin by stimulating new tissue growth

- **Fruit Extracts** (includes lemon) –
Natural source of Vitamin C
Antioxidant effect – protects the skin from free radical damage
Anti-inflammatory
- **Jojoba wax** –
Anti ageing
Reduces wrinkles
Moisturising
Fades stretchmarks and scars (softens tissues)
Restores the skin's regular PH Level
High in vitamins
Provides protection and suppleness to the skin

Directions for use:

Apply on clean skin, avoid eyes. After few minutes, rinse. Use once/twice a week. Can leave on up to 10 minutes if skin is not sensitive.

Features and benefits:

This peeling mask is an intensive skin peeling treatment:

- Anti-ageing - reduces wrinkles
- Nourishing and moisturizing
- Lightens scars and stretchmarks
- Leaves the skin feeling smooth and hydrated.
- Skin will appear more even toned.

Combination Treatment Guide includes:

- Enzymatic Peeling Mask
Zhav Micro dermabrasion
Yaffa Zhav mask or Yaffa Zhav Derma Infusion Mask
- Enzymatic Peeling mask
Zhav Dynamic Lift
Yaffa Zhav Mask or Yaffa Zhav Derma Infusion Mask
- Enzymatic Peeling Mask
Yaffa Zhav Derma Infusion Mask
Lumo Light Therapy
- Enzymatic Peeling Mask
IPL Photo rejuvenation
Yaffa Zhav Mask or Yaffa Zhav Derma Infusion Mask

Exfoliating Peeling Mask

Skin Type: All problem free skins

Active Ingredients include:

- **Apricot seed powder**
Used for mild exfoliation
Promotes clear skin
- **Saccharide Isomerate**
A carbohydrate similar to that found in the human skin
Has moisturising properties
- **Dead Sea Mineral Water**
Therapeutic
Increases hydration
Increases cellular metabolism

Directions for use:

Apply to face - avoid eye and neck area. After 3 minutes, rinse off. Use once/twice a week.

Features & Benefits

This is a gentle non-abrasive peeling mask which soothes and moisturizes the skin. The apricot seed powder is not suitable for problem skin.

ANTI-AGEING EYE CAPSULES

Skin Type: All skin types

Active Ingredients include:

- **Vitamin E**
An antioxidant (works in conjunction with Vitamin C)
Improves barrier function of the skin
Rejuvenates and protects the skin from environmental damage
Therapeutic (anti-inflammatory)
- **Hexapeptide, Tripeptide, Ceramide 2** – Peptides work to simulate repair and increase collagen formation and at the same time minimize the formation of new lines by inhibiting muscular contraction. Ceramides form a protective barrier to reduce water loss which improves the suppleness and moisture content of the skin.

Directions for use:

Apply to eye area with gentle patting motions. Can be used day or night time. Can be used by itself or with an eye cream. May have 2 applications from one capsule.

Features and benefits:

The serum in the capsules helps to plump out wrinkles by increasing collagen. Therefore the eye area will look more revitalized and have improved skin texture.

Vitamin C & E Serum

Skin Type: Normal - Dry

Active Ingredients include:

- **Vitamin C** (Asorbic Acid)
 - An anti-oxidant to prevent the destruction of collagen
 - Increases collagen
 - Reducing lines and wrinkles
 - Protects skin from environmental damage
 - Rejuvenating
- **Vitamin E**
 - An anti-oxidant (works in conjunction with Vitamin C)
 - Improves barrier function of the skin
 - Rejuvenates and protects the skin from environmental damage
 - Therapeutic (anti-inflammatory)
 - Increases moisture levels
- **Vitamin F**
 - Contains 3 essential fatty acids that act as a skin protector and revitalizer
 - Prevents moisture loss
 - Increases collagen (retains skin's suppleness)
 - Increases cellular metabolism
- **Zinc**
 - Essential for healthy skin
 - Involved in cellular metabolism and cell division
- **Seaweed**
 - Therapeutic for problem skin
 - Controls oil
 - Anti-inflammatory
 - Wound healing
- **Saccharide Isomerate**
 - A carbohydrate similar to that found in the human skin
 - Has moisturising properties
- **Glycerin**
 - Soothes
 - Hydrates
 - An emollient

- **Silica**

- Trace mineral vital for healthy skin
- Slows down the ageing process by enhancing the collagen process
- Reduces wrinkles
- Improves skin elasticity
- Improves wound healing
- Strengthens the body's connective tissues
- Stimulates cell formation

- **Dead Sea Minerals**

- Therapeutic
- Increases cellular metabolism
- Increases hydration

- **Allantoin**

- Easily absorbed through the skin
- Counteracts swelling & flordity
- Anti-inflammatory
- Anti-irritant
- Skin Protector
- Promotes wound healing
- Renews cells
- Thickens blood vessels – good for fragile skin
- Good for sensitive, irritated and acne skins
- Aids in the healing of damaged skin by stimulating new tissue growth

- **WitchHazel**

- Astringent properties
- Anti-inflammatory
- Relaxes the skin
- Good for sensitive skins

Directions for use:

Tap into clean skin. use before night or day cream

Features and benefits:

A therapeutic serum that contains a high concentration of Vitamin C to promote the renewal of collagen in the skin.

What is important is not the concentration of Vitamin C but the efficiency of the delivery of Vitamin C and the result. The Vitamin C & E serum stimulates collagen to reinforce the skin's foundation, increases firmness and boost elasticity. This formulation contains natural plant sunscreens and protects the skin from external aggressions and improves the appearance of the skin.

Anti-ageing serum

Skin Type: Mature Dry, Extra Dry

Active Ingredients include:

- **Wheatgerm Oil**
 - Contains Vitamin E, B1, B2, B3, B6 and Vitamin A
 - Contains minerals such as phosphorous which helps in construction of cell membranes and increases skin resistance
 - Contains zinc - essential for healthy skin
 - Contains iron - strengthens the skin and keeps it healthy
 - Contains potassium – skin conditioning agent
 - All ingredients are highly nutritious for skin
- **Vitamin E**
 - Anti-oxidant
 - Improves barrier function of the skin
 - Rejuvenates and protects the skin from environmental damage
 - Anti-inflammatory – therapeutic
 - Increases moisture levels
- **Avocado Oil**
 - Contains Vitamins A, D, & E which is important for a healthy skin.
 - Anti-bacterial (healing) properties
 - Protects the skin from harmful sun rays
 - Penetrates deeper into the skin
- **Carrot Seed Oil**
 - Premier skin healing
 - Increases collagen – reducing lines and wrinkles
 - Rejuvenating
 - Protects the skin from environmental damage
 - Soothing and relaxing properties
- **Sea Buckthorn Oil**
 - Slows the ageing process
 - Improves the look of skin
 - Promotes skin hydration elasticity and skin regeneration
 - Helps treat and prevent acne
 - Soothing and relaxing properties

Directions for use:

Apply a few drops to clean face. Use underneath night cream.

Features and Benefits:

This is a treatment serum which has highly nutritious elements to repair and enhance the skin's appearance.

FIRMING CAPSULES

SKIN TYPE:

Dry – Mature Skin

ACTIVE INGREDIENTS INCLUDE:

VITAMIN A (Retinyl Palmitate)

- Antioxidants that strengthen support tissue
- Rejuvenates the skin by aiding growth repair of the epidermis
- Stimulates fibroblast cells to produce collagen and thicken the skin therefore reducing wrinkles
- Improves firmness and elasticity
- Increases moisture

VITAMIN E (Tocopheryl Acetate)

- Works in conjunction with Vitamin C
- An antioxidant that improves the barrier function of the skin
- Protects the skin from environmental damage
- Therapeutic – anti-inflammatory
- Rejuvenates the skin

Omega 3:

- Repairs skin appearance – anti-ageing
- Fatty acid
- Anti-oxidant benefits

Chinese Ginseng Root:

- Rejuvenates & revitalizes the body

DIRECTIONS FOR USE:

Apply on clean skin all over face and neck.
Can be applied under day or night cream.

FEATURES AND BENEFITS:

These capsules are a skin-firming formula designed to combat signs of ageing.
Enriched with moisturizing nutritional ingredients including fatty acids, vitamins and plant oils.
Skin will look smoother and radiant.

Throat & Decollete Cream

Skin Type: for all skin types

Active Ingredients include:

- **Wheatgerm oil**
 - Contains vitamin E, B1, B2, B3, B6 and Vitamin 1
 - Contains minerals such as phosphorous which helps in construction of cell membranes and increases skin resistance
 - Contains Zinc, essential for healthy skin
 - Contains Iron, strengthens the skin and keeps it healthy
 - Contains Potassium, skin conditioning agent
- **Glycerin**
 - Soothing
 - Emollient
 - Hydrating
- **Cocoa Butter**
 - Energises the skin, nourishing
- **Vitamin C** (Ascorbic Acid)
 - Antioxidant, protects from sun damage
 - Reduces lines and wrinkles (anti ageing)
 - Rejuvenates
 - Prevents destruction of collagen
- **Vitamin E**
 - Antioxidant (protects from environmental pollution)
 - Improves barrier function of the skin
 - Rejuvenating
 - Anti-inflammatory (therapeutic)
 - Increases moisture levels

All Ingredients are highly nutritious for the skin

Directions for use:

Apply to throat and décolleté area with gentle patting motions.

Features and benefits:

This moisturizing cream is designed to help firm the delicate skin whilst enriching it with nutritious elements. The 'Throat & Decollete' cream provides maximum protection from the damaging effects of the environment.

Retinol Day Cream

Skin Types: Normal - Dry

Active Ingredients include:

- **Dead Sea Minerals**

- Therapeutic
- Increases Hydration
- Increases Cellular Metabolism

- **Squalane**

- Increases Cell Regeneration
- Protects against sun radiation
- Increases moisture
- Good for problem skin - healing infections, soothing
- Good for pigmentation - prevents age spots
- Increases skin's suppleness
- Reduces wrinkles - prevents skin ageing

- **Vitamin E - Tocopheryl Acetate**

- An antioxidant that works in conjunction with Vitamin C.
- Improves barrier function of the skin
- Rejuvenates and protects the skin from environmental damage.
- Anti-inflammatory - therapeutic

- **Sodium Hyaluronate**

- Mimics Hylaronic acid produced naturally by the body
- Penetrates into the deeper layers of the skin
- Hydrates, plumps up the skin and keeps the skin supple and moist
- Reduces the appearance of wrinkles and lines
- Safe and effective moisturiser
- Non-irritating

- **Borage Seed Oil**

- Improves the skin's texture
- Increases moisture levels (oil is similar to that in the skin)

- **Witch hazel**

- Astringent properties
- Anti-inflammatory
- Relaxes the skin

- **Aloe Vera**

- Contains healing ingredients such as vitamins, minerals, proteins, enzymes and amino acids
- Improves skin's texture
- An antioxidant
- Anti-inflammatory - cools and protects the skin
- Moisturising
- Lightens pigmentation - removes dead skin cells
- Reduces lines (anti-ageing)

- **Retinol**

Improves skin texture (softer and smoother)
Reduces wrinkles (anti-aging) stimulates collagen
Repairs damaged skin
Treats skin disorders eg acne
Fat soluble antioxidant vitamin
Essential for tissue growth
Improves open pores - less visible

- **Vitamin A**

An antioxidant that strengthens, supports tissue
Rejuvenates the skin by aiding growth and repair of the epidermis
Stimulates fibroblast cells to produce collagen and thicken the skin
therefore reducing wrinkles
Improves firmness and elasticity

- **Silica –**

Trace mineral vital for healthy skin
Slows down the ageing process by enhancing the collagen process
Reduces wrinkles
Improves skin elasticity
Improves wound healing
Strengthens the body's connective tissues
Stimulates cell formation

- **Allantoin**

Easily absorbed through the skin
Counteracts swelling & flordity
Anti-inflammatory
Anti-irritant
Skin Protector
Promotes wound healing
Thickens blood vessels – good for fragile skin
Good for sensitive, irritated and acne skins
Aids in the healing of damaged skin by stimulating new tissue growth

Directions for use

Apply to cleansed skin with gentle patting motions.

Features and benefits

This is a rejuvenating moisturizer which improves the texture of the skin. Retinol Day Cream contains the added bonus of SPF 15. This thick, nourishing formulation quickly absorbs into the skin. Contains ingredients which are very therapeutic and anti-ageing.

Multi energy cream (anti-stress cream)

Skin Type: Normal - Dry

Active Ingredients include;

- **Squalane**
 - Increases cell regeneration
 - Protects against sun radiation
 - Increases moisture
 - Good for problem skin - healing infections, soothing
 - Good for pigmentation - prevents age spots
 - Increases skin suppleness
 - Reduces wrinkles - prevents skin ageing
- **Saccharide Isomerate**
 - Has moisturising properties
 - A carbohydrate similar to that found in the human skin
- **Sodium Hyaluronate**
 - Mimics Hylaronic acid produced naturally by the body
 - Penetrates into the deeper layers of the skin
 - Hydrates, plumps up the skin and keeps the skin supple and moist
 - Reduces the appearance of wrinkles and lines
 - Safe and effective moisturiser
 - Non-irritating
- **Silica**
 - Trace mineral vital for healthy skin
 - Slows down the ageing process by enhancing the collagen process
 - Reduces wrinkles
 - Improves skin elasticity
 - Improves wound healing
 - Strengthens the body's connective tissues
 - Stimulates cell formation
- **Vitamin E - (Tocopheryl Acetate)**
 - An antioxidant that works in conjunction with Vitamin C
 - Improves barrier function of the skin
 - Rejuvenates and protects the skin from environmental damage
 - Anti-inflammatory - therapeutic

Directions for use:

After thorough cleansing, apply to skin with patting motions.

Features & Benefits:

A moisturising cream which is light in texture. Can be used day or night. This is an anti-stress cream which acts as a first aid treatment for tired or dry skin. this cream has the added benefit of containing concentrated mini-capsules of vitamins. This quick "pick me up" cream will leave the skin looking revived and refreshed.

Vitamin C Night Cream

Skin Type: Dry

Active Ingredients include:

- **Vitamin C (ascorbic acid)**
 - Anti-oxidant essential for collagen synthesis - reduces lines and wrinkles.
 - Rejuvenates the skin while protecting it from sun damage.
- **Squalane**
 - Increases cell regeneration
 - Protects against sun radiation
 - Increases moisture
 - Good for problem skin
 - Heals infections
 - Soothing
 - Good for pigmentation - prevents age spots
 - Increases skin suppleness
 - Reduces wrinkles - prevents skin ageing
- **Borage seed oil**
 - Improves skin's texture
 - Increases moisture levels (oil is similar to what is in the skin)
- **Saccharide Isomerate**
 - Has moisturising properties
 - A carbohydrate similar to that found in the human skin
- **Sodium Hyaluronate**
 - Mimics Hyaluronic acid produced naturally by the body
 - Penetrates into the deeper layers of the skin
 - Hydrates, plumps up the skin and keeps the skin supple and moist
 - Reduces the appearance of wrinkles and lines
 - Safe and effective moisturiser
 - Non-irritating
- **Dead Sea minerals**
 - Increases hydration
 - Therapeutic
 - Increases cell regeneration
- **Vitamin E**
 - Works in conjunction with Vitamin C
 - An antioxidant that protects the skin from environmental damage
 - Improves the barrier function of the skin
 - Therapeutic - anti-inflammatory
 - Rejuvenates the skin

- **Wheatgerm Oil**

- Contains Vitamin E, B1, B2, B3, B6 and Vitamin A
- Contains minerals such as phosphorous which helps in construction of cell membranes and increases skin resistance
- Contains zinc which is essential for a healthy skin
- Contains iron - strengthens the skin and keeps it healthy
- Contains sulphur – anti-bacterial agent
- Contains potassium – skin conditioning agent

All ingredients in this order are highly nutritious for the skin.

- **Olive Oil**

- Rich in anti-oxidants - Vitamin A, E & F.
- Contains pro-vitamin A retinol that tones, protects and improves skin's texture.
- Acts as a powerful emollient
- Increases cell regeneration
- Smooths and softens the skin while reinforcing skins natural protective barrier - improving skin's elasticity
- Increases hydration
- Therapeutic properties e.g. fights acne

Directions for use:

Apply to cleansed skin with gentle patting motions. Night time use.

Features and benefits

This is a very nutritious moisturising cream that is very soothing for even a very sensitive skin. Continued use will improve the skin's texture.

The Solution for Problem Skin

What causes problems skins?

Besides a genetic predisposition to skin problems and hormonal fluctuations, stress plays a serious role. When the body remains in continuous stressed mode, energy is channeled away from repair and maintenance; the result is accelerated ageing and skin problems. The 'stress factor' releases adrenalin which in turn stimulates androgens – causing an increased production of sebum (oil) thereby resulting in skin problems.

It is also found that deficiencies in trace elements are responsible for complex and varied skin problems.

The Yaffa Zhav solution

Yaffa Zhav range is designed to provide trace elements from the Dead Sea along with therapeutic plant extracts. The cosmetic applications are using the best from the sea and nature to help repair and replenish the skin.

Deep Cleansing Gel Cleanser

Skin condition: Oily, combination and troubled skin

Active ingredients include:

- **Hispagel** – Good for hydration (up to 7 hrs after application)
- **Vitamin E** – Works in conjunction with Vitamin C
An anti-oxidant that improves the barrier function of the skin
Protects the skin from environmental damage
Therapeutic – anti-inflammatory
Rejuvenates the skin
- **Seaweed** (rich in zinc) - Therapeutic for problem skin
Controls Oil
Anti-inflammatory
Wound healing
- **Glycerin** – Hydrating
An emollient
Soothing
- **Witch hazel** – Soothing while it relaxes and tones the skin. Helps active ingredients absorb into the skin. Good for sensitive skins.

Directions for use:

Apply to dry skin and massage with wet fingertips until it foams. Rinse off (men can use this cleanser for shaving the face)

Features & Benefits

Cleanser based on plant extracts. Cleans the skin without drying and will balance the PH levels. Toner is not required.

MOISTURIZERS

Balancing Moisture Cream

Skin Type: Oily/Combination

Active Ingredients: include

- **Squalane** – Good for problem skin and helps to lock in moisture. Because it increases cell rejuvenation, the skin becomes more supple and reduces wrinkles.
- **Saccharide Isomerate** – Has moisturising properties
A carbohydrate similar to that found in the human skin
- **Borage Seed Oil** – Improves the skin's texture and moisture levels
- **Sweet Almond Oil** – Nourishing, good for all skin types – relieves dryness, itching and inflammation.
- **Vitamin E** – Works in conjunction with Vitamin C
An anti-oxidant that improves the barrier function of the skin
Protects the skin from environmental damage
Therapeutic – anti-inflammatory
Rejuvenates the skin

Directions for use:

Use morning and evening to a cleansed skin.

Features and benefits:

This light formulation containing Squalane and Saccharide Isomerate will control excessive oils while increasing the moisture levels. It protects the skin from external environment influences that cause free radical damage.

Balance moisturizing cream has Sunscreens but no SPF 15.

N.B. Other Yaffa Zhav moisturizers for all skin types can be used for a normal to oily or combination skin. E.g. multi energy (anti stress cream)

Relaxing Beauty Mask

Skin Type - Dry

Active Ingredients include:

- **Glycerin** - Hydrating
 - Soothing
 - An emollient
- **Witch Hazel** - Astringent properties
Anti-inflammatory
 - Relaxes the skin
- **Sweet Almond Oil** - Softens, conditions and nourishes the skin
 - The oil contains glucodides, minerals and vitamins A & E rich in protein.
 - Helps relieve dryness, itching and inflammation.
 - Rich in essential fatty acids
- **Squalane**
 - Increases cell regeneration
 - Protects against sun radiation
 - Increases moisture
 - Good for problem skin (healing and soothing)
 - Good for pigmentation (prevents age spots)
 - Increases skin's suppleness
 - Reduces wrinkles - anti-ageing

Saccharide Isomerate - Has moisturising properties
A carbohydrate similar to that found in the human skin

- Sodium Hyaluronate** - Mimics Hylaronic acid produced naturally by the body
- Penetrates into the deeper layers of the skin
Hydrates, plumps up the skin and keeps the skin supple and moist
Reduces the appearance of wrinkles and lines
Safe and effective moisturiser
Non-irritating
 - **Titanium Dioxide** - Protects against harmful sun rays UVA & UBA
 - **Dead Sea Minerals** - Therapeutic
 - Increases cellular metabolism
 - Increases hydration

Directions for use:

Apply generous layer to face and neck. After 10-15 minutes remove with wet cotton pads.

Features and benefits:

This mask is soothing and moisturising. Eliminating stress and fatigue in the skin. Resulting in a radiant looking skin.

NB: Some very sensitive skins may find the Relaxing Beauty Mask too stimulating after Micro dermabrasion.

Combination Treatment Guide includes:

- i Enzymatic peeling mask,
Zhav Micro dermabrasion
Deep cleanse
Relaxing Beauty Mask
- ii Enzymatic peeling mask
Zhav Dynamic Lift
Relaxing Beauty Mask
Lumo
- iii Enzymatic Peeling Mask
IPL Photo rejuvenation
Relaxing Beauty Mask

Natural Pearl Mask

Skin Type: Dry

Active Ingredients include:

- **Powdered Pearl**
 - Gives skin radiance
- **Bees wax**
 - Moisturizing
 - Anti-inflammatory
 - Anti allergic
 - Antioxidant
 - Anti bacterial (germicide)
 - Skin Softening
 - Elasticity enhancing properties
- **Sweet Almond Oil**
 - Nourishes, softens and conditions the skin.
 - The oil contains glucodides, minerals and vitamins rich in protein.
 - Almond oil is good for all skin types - relieves dryness, itching and inflammation.
- **Borage Seed Oil**
 - The oil is similar to what is in the skin .
 - Improves skin texture by penetrating natural fatty acids.
 - Improves skin moisture
- **Avocado Oil**
 - Contains Vitamins A, D, & E which is important for a healthy skin.
 - Anti-bacterial (healing) properties
 - Protects the skin from harmful sun rays
 - Penetrates deeper into the skin
- **Rosehip Oil**
 - Antioxidant effect/natural source of Vitamin A to prevent ageing from the sun
 - Rich in Essential Fatty Acids
 - Important for a healthy skin
 - Helps to regenerate skin cells
 - Repairs damaged skin tissues

Improves appearance of burns, scars, acne scarring, wrinkles & stretchmarks

Intensive skin re-hydrator – treats dry skin

- Aids in reducing redness due to Rosacea
- Reduces wrinkles and fine lines
- Good for “after sun” skin care regime
- Soothes, nourishes, moisturises and softens skin
- Balances all skin types
- Restores normal skin colour

- **Vitamin E** (works in conjunction with Vitamin C)
 - Rejuvenates the skin
 - Improves barrier function of the skin
 - Is an antioxidant that protects the skin from environmental damage
 - Therapeutic, anti-inflammatory
- **Vitamin C** (Ascorbic acid)
 - Rejuvenates the skin whilst protecting it from sun damage
 - Essential for collagen synthesis
 - Is an antioxidant that reduces lines and wrinkles
- **Tea Tree Oil**
 - Soothing
 - Germicidal (anti-bacterial)
- **Fructose**
 - Water binding properties

Directions for Use

Apply a generous layer on clean face and neck. After 10 minutes remove and rinse.

Features and Benefits

This is a soothing, hydrating mask that leaves the skin looking radiant.

NB: Some sensitive skin types find mask too stimulating after micro dermabrasion.

Combination Treatment Guide includes:

- Enzymatic peeling mask
Zhav Micro dermabrasion
Natural Pearl Mask
- Enzymatic peeling mask
Zhav Micro dermabrasion
Deep cleanse
Natural Pearl Mask
- Enzymatic peeling mask
Zhav Dynamic Lift
Natural Pearl Mask
- Enzymatic peeling mask
Natural Pearl Mask
Lumo light therapy
- Enzymatic peeling mask
IPL Photo rejuvenation
Natural Pearl Mask

Specialty Products

Dark Circles and Puffiness Reducer

Skin types: All skin types

Active Ingredients include:

- **Eylis**
Natural plant extract from orange and lemon which calms puffiness and strengthens skin tissue.
- **Haldoxil**
An enzyme which helps reduce dark circles around the eye
- **Glycerin**
Soothing
Hydrating
An emollient
- **WitchHazel**
Anti-inflammatory - reduces puffiness
Astringent properties
Relaxes the skin
Good for sensitive skins
- **Shea Butter**
Hypo-allergenic
Penetrates deep into the skin - rejuvenating damaged cells
Aids in restoring elasticity and tone of skin
Protects the skin from UV radiation
Increases cell regeneration
Contains active ingredients that provide necessary moisture for the skin
Helps smooth wrinkle formation
- **Sweet almond oil**
Nourishing, conditioning and softens the skin
The oil contains glucodides - minerals included in silt that conditions the skin
- **Avocado Oil**
Contains Vitamins A, D, & E which is important for a healthy skin.
Anti-bacterial (healing) properties
Protects the skin from harmful sun rays
Penetrates deeper into the skin

- **Aloe Vera**
Ingredients include vitamins, minerals, proteins, enzymes and -healing amino acids
Anti-inflammatory – cools and protects the skin
An Antioxidant – Anti-ageing
Improves skin texture
Moisturizing
Removes dead skin cells – lightens pigmentation
Wound healing
Antibiotic
- **Peptides** (e.g. Dipeptide, Palmitoyl Tetrapeptide -3, Palmitoyl Oligpeptide)
Stimulates repair, increases collagen formulation and minimizes formation of new lines.

Directions for use:

Apply to cleansed skin using gentle patting motions around orbital eye area until absorbed.

Features and benefits

Formula created to assist in reducing the appearance of dark circles and chronic puffiness in the orbital eye area. Notice the difference within 48 hours.

Specialty Products

Whitening Cream

Skin Types: Any skin type

Active Ingredients include:

- **Glycerin**

- Soothing
- An emollient
- Hydrating

- **Vitamin E**

- Antioxidant (protects the skin from environmental damage)
- Improves the barrier function of the skin
- Therapeutic (anti-inflammatory)
- Rejuvenates the skin

- **Beeswax**

- Moisturising
- Anti-inflammatory
- Anti-allergenic
- Anti-oxidant
- Anti-bacterial (germicidal)
- Skin softening
- Enhances elasticity

- **Collagen**

- Leaves skin soft and smooth
- Protects skin - antiageing
- Reduces natural moisture loss

- **Elastin**

- Reduces moisture loss
- Anti-ageing
- Improves texture

- **Alpha Hydroxy acids (AHA'S)** (lactic acid, Glycolic acid)

- Allows effective penetration into the top layers of the skin
- Increases cellular metabolism
- Exfoliates unhealthy or abnormal layers of superficial skin cells where hyper-pigmented cells can accumulate.
- Increases cell renewal (rejuvenates the skin by helping to erase fine lines)
- Inhibits melanin production

- **Vitamin C**

Antioxidant - essential for collagen synthesis (reduces lines and wrinkles)

- Lightens pigmentation - skin brightening
- Anti-inflammatory
- Rejuvenates the skin - protects the skin from sun damage

- **Grape essence**

- Natural plant bleaching element for skin brightening
- Anti-ageing – firms ageing skin

- **Kojic Acid** (by-product in the fermentation process of malting rice for use in the manufacturing of sake)

Effective for inhibiting melanin production

- **Arbutin** (derived from leaves of bearberry, cranberry, mulberry or blueberry shrubs and is present in most types of pears)

Melanin inhibiting properties
Inhibits Tyrosinase
Lightens skin tone
Antioxidant effect

Directions for use:

Apply to cleansed skin on dark spots. Use night or day with sun block (high protection)

Features and Benefits

Daily use of the whitening cream results in a progressive reduction of the quantity of melanin in the skin. The skin's complexion will visibly improve with less visible spots and a more even complexion. Also blemishes, lines and open pores will be less apparent. Clinical studies have shown that yellow or red skin colour also will have a brighter complexion.

Yaffa Zhav Enriched Hand Cream from the Dead Sea

SKIN TYPE: ALL SKIN TYPES

ACTIVE INGREDIENTS INCLUDE:

- **Glycerin**
 - Soothing
 - Hydrating
 - An emollient
- **Dead Sea Minerals**
 - Therapeutic
 - Hydrating

It increases hydration in the skin

Good for psoriasis and will decrease erythema.

Butylated Hydroxyanisole (BHA)

An antioxidant which helps to preserve the natural oil.

Phenoxyethanol (Rose Ether)

Gentle preservative derived from coconut oil.

The benefits of Sunflower Oil

Sunflower oil is rich in various minerals like calcium, manganese, phosphorous, copper and zinc. Iron and potassium are also found in this oil.

Folic acid is also present in this oil which facilitates the growth of new cells regularly in the body. Selenium, which helps in preventing cancer, is also found in abundance in the sunflower oil. The antioxidant properties of this oil, due to the high amount of vitamin E present in it, keep the cancer causing free radicals at bay.

The shelf life of the sunflower oil is also better than the other oils and this definitely makes the sunflower oil desirable over the others. In addition to the above, sunflower oil is rich in minerals and vitamins and omega 6 essential fatty acids. The high amount of vitamin E present in the sunflower oil helps in keeping the cells of the body moisturised. The vitamin E content in the sunflower oil enables it to help retain moisture into the skin.

Ingredients and their benefits

Geranium – Astringent properties. Healing – soothes dry skin and helps to clear complexions with naturally oily skin.

Rose – Antiseptic. Good for poor circulation.

Soybean Oil – an emollient, Good for overall skin health and excellent anti-aging properties.

Effective for treating sun damaged skin. Contains strong antioxidant properties. Excellent moisturizer. Contains Vitamins E which keeps the skin looking young and smooth., Evens out skin tone. Reduces the appearance of fine lines.

Directions for use

Apply to face and body. Use sparingly for acne skin. Store in cool place.

This cell renewal formulation nourishes and hydrates the skin. Also is important to use 3 – 4 days after Zhav Microdermabrasion treatment.
