

# HYALURONIC ACID SKINCARE

Chemical Free  
Vegan Friendly

**YAFFA ZHAV**

**BEAUTY WITH NATURE DERMA SKINCARE**

**HYALURONIC ACID DERMA SKINCARE**

## YAFFA ZHAV HYALURONIC ACID DERMA SKINCARE RANGE

- Hyaluronic Acid is the most effective moisturizing agent for the skin, and skin hydration is the base for healthy beauty and anti-aging routine
- Hyaluronic Acid maintains the hydration balance thanks to its strong ability to retain water. It fills the space between Collagen fibers in the dermis, leading to the appearance of volume.
- During the aging process, the production of Hyaluronic Acid decreases, and skin requires Hyaluronic Acid from an external source to maintain a healthy appearance.
- The products of the Hyaluronic Acid Line form a film at the surface of the skin and help the skin regulate its water balance. This film also protects the skin from external aggressions.
- Regular use of the Hyaluronic Acid line leads to younger-looking skin, that feels soft and smooth all day long.
- The products are suitable for all skin types.

**CHEMICAL FREE  
VEGAN FRIENDLY**

**Healthy Skin:**  
(sufficient hyaluronic acid)  
Skin colour is evenly toned, hydrated and elastic

**Dry Skin:**  
(lacking hyaluronic acid)  
Skin is dry, rough and lacks elasticity

**YAFFA ZHAV**

**BEAUTY WITH NATURE DERMA SKINCARE**

**HYALURONIC ACID DERMA SKINCARE**

## Hyaluronic Acid Eye Cream

**Skin Types: All Skin**

**Does not contain any parabens, mineral oils, silicones, petrolatum, S.L.S. or Propylene Glycol**

**Active Ingredients include:**

·Crystalhyal (sodium hyaluronate)

### **DuraQuench™ IQ**

- Effective moisturising agent that hydrates skin to prevent water loss
- Improves the barrier function of the skin
- Nourishing, regenerating, and smoothing agent
- Reduces redness in the skin

### **Squalene**

- Increases cell regeneration preventing skin aging
- Increases moisture improving skins suppleness
- Protects against the sun's radiation
- Healing (good for problem skin)
- Aids in reducing pigmentation e.g., age spots

### **Shea Butter – Hypoallergenic**

- Rejuvenates damaged cells (increases cell regeneration)
- Aids in restoring elasticity and tone of the skin
- Provides moisture for the skin
- Helps smooth wrinkle formation
- Penetrates deep into the skin

### **Glycerine**

- Soothing . Emollient . Hydrating

### **Saccharide Isomerate**

- A carbohydrate like that found in the human skin that has moisturising properties

### **Witch Hazel**

- An anti-inflammatory & vasoconstrictor that relaxes the skin with astringent properties helping the absorption of the active ingredients.

### **Olive oil**

- Rich in antioxidants & Vitamin A, E & F
- Contains pro-vitamin A retinol that tones & protects skin's texture
- A powerful emollient that increases cell regeneration
- Smooths and softens skin while reinforcing skin's natural protective barrier – improving skin elasticity
- Increases hydration
- Therapeutic properties such as fighting acne

### **Jobba Seed Oil**

- High in Vitamins & Antioxidant Properties for Anti-Aging
- Restores the skin regular PH level
- Aids in regenerating skin cells
- Repairs (sun-damaged & scarring) & protects skin
- Slows accelerated skin aging
- Penetrates deep down to the skin matrix level
- Anti-irritant and non-allergenic
- Silver – Antibacterial

**YAFFA ZHAV**

**BEAUTY WITH NATURE DERMA SKINCARE**

**HYALURONIC ACID DERMA SKINCARE**

## **Hyaluronic Acid Eye Cream**

### **Plukenetia Volubilis Seed Oil**

- Antioxidant effect
- Contains Omega Fatty Acids to repair tissues in body
- Moisturising & Anti-inflammatory

### **Sweet almond oil**

- Nourishing, conditioning and softens the skin
- The oil contains glycosides - minerals included in silt that conditions the skin

### **Allantoin**

- Anti-inflammatory & ·Anti-irritant (good for sensitive skins)
- Renews cells
- Skin protector
- Thickens blood vessels
- Counteracts floridity

### **Vitamin E: (Tocopherol Acetate)**

- Protects the skin from premature signs of aging. Works as an anti-inflammatory and antioxidant agent. It enhances water-binding capacity and protects from environmental pollution (ozone-induced oxidative stress).
- Therapeutic properties – good for psoriasis also decrease erythema.

### **Citric Acid**

- An antioxidant and an exfoliant that removes dead skin cells to reveal fresh, softer and smoother skin

## **Directions for Use:**

Apply a few drops to the eye area and tap gently until absorbed

## **Features and Benefits:**

This advanced eye cream enriched with hyaluronic acid has a strong moisturising effect designed for the delicate areas around the eyes. Skin hydration is regulated the balance between trans epidermic water loss and the skin's ability to retain water. The skin around the eye area will be more hydrated and the result is a younger looking skin where there will be an improvement of skin firmness, reduction in wrinkles and diminished signs of fatigue.

## Hyaluronic Acid Moisturising Day Cream

### Skin Types: All Skin

Does not contain any parabens, mineral oils, silicones, petrolatum, S.L.S. or Propylene Glycol

### Active Ingredients include:

- Crystalhyal (sodium hyaluronate)
- 10% natural
- Has a hi-molecular weight that penetrates the deeper layers of the skin
- Mimics hyaluronic acid sponge that increases the skin's capacity to hold water, keeping it moist, nourished, and healthy
- Increases the skin's immunity
- Anti-ageing as it increases the production of collagen and elastic
- Soothing and non-irritating
- Increases lymphatic drainage

### **DuraQuench™IQ**

- Effective moisturising agent that hydrates skin to prevent water loss
- Improves the barrier function of the skin
- Nourishing, regenerating, and smoothing agent
- Reduces redness in the skin

### **Squalene**

- Increases cell regeneration preventing skin aging
- Increases moisture improving skins suppleness
- Protects against the sun's radiation
- Healing (good for problem skin)
- Aids in reducing pigmentation e.g., age spots

### **Shea Butter – Hypoallergenic**

- Rejuvenates damaged cells (increases cell regeneration)
- Aids in restoring elasticity and tone of the skin
- Provides moisture for the skin
- Helps smooth wrinkle formation
- Penetrates deep into the skin

### **Glycerine**

- Soothing . Emollient . Hydrating

### **Jojoba Seed Oil**

- High in Vitamins & Antioxidant Properties for Anti-Aging
- Restores the skin regular PH level
- Aids in regenerating skin cells
- Repairs (sun-damaged & scarring) & protects skin
- Slows accelerated skin aging
- Penetrates deep down to the skin matrix level
- Anti-irritant and non-allergenic
- Silver – Antibacterial

### **Olive oil**

- Rich in antioxidants & Vitamin A, E & F
- Contains pro-vitamin A retinol that tones & protects skin's texture
- A powerful emollient that Increases cell regeneration
- Smooths and softens skin while reinforcing skin's natural protective barrier – improving skin elasticity
- Increases hydration
- Therapeutic properties such as fighting acne

**YAFFA ZHAV**

**BEAUTY WITH NATURE DERMA SKINCARE**

**HYALURONIC ACID DERMA SKINCARE**

## **Hyaluronic Acid Moisturising Day Cream**

### **Witch Hazel**

·An anti-inflammatory & vasoconstrictor that relaxes the skin with astringent properties helping the absorption of the active ingredients.

### **Behenic Acid**

·A saturated fatty acid derived from seeds of indigenous trees in the Amazon  
·Increases levels of hydration  
·Helps to restore skin's natural oils  
·A lubricant and emollient that is soothing

### **Sweet almond oil**

·Nourishing, conditioning and softens the skin  
·The oil contains glycosides - minerals included in silt that conditions the skin

### **Allantoin**

·Anti-inflammatory & ·Anti-irritant (good for sensitive skins)  
·Renews cells  
·Skin protector  
·Thickens blood vessels  
·Counteracts floridity

## **Directions for Use:**

Apply to cleaned skin with gentle patting motions until absorbed

## **Features and Benefits:**

As we age, we lose oil-producing glands in the skin and throughout the day our skin loses moisture. This can leave the skin dried out and more prone to damage.

The effective moisturiser is light in texture and quickly absorbs to keep the skin hydrated. It locks in water from trans epidermal water loss and replenishes the skin's protective barrier. This product enhances the skin's appearance, leaving it plumped and soft.
