INTRODUCING:

YAFFA ZHAV

HER KNOWLEDGE IS EXTRAORDINARY

HER DRIVE IS UNSTOPPABLE

HER PASSION IS INSPIRATIONAL

Yaffa CEO, Founder & Beauty Legend is a woman of passion who has turned to nature for the answers to skin health.

Yaffa has spent her career searching for natural ways to deliver visible anti-aging results through skincare.

She's personally been involved in the creation of her ranges, researching, monitoring, and testing throughout the entire production process.

"I believe the answer lies in natural solutions that work in harmony with the skin and body, by stimulating, detoxifying & regenerating. Nature always has the answers, we just need to put careful research into finding them."

Free radicals attack surface. Environmental damage is high.

First signs of aging appear. Skin starts to be dull, lifeless, uneven.

Significant dullness, aging & dark spots & skin sensitivity.

Significant tension decrease. Moisture retention slowing.

Constant exposure to the sun & fast life style leads to skins premature aging.

Skin regeneration is reducing leading to dull complexion & uneven skin tone. Use of harsh skin care can become apparent. Elastin degradation can show first signs of aging.

Skin thinning can cause sensitivity, redness, dry, oily, sudden redness. Photo aging appears - dark spots - more prominent signs of aging appear.

Decrease in surface tension impairs skin structure and ability to defend itself. Barrier lessens leading to less efficiency in retaining moisture. Combined with excessive dryness sometimes accompanied by adult acne.

VITAMINS FOR HEALTHY SKIN

YOUR SKIN KEEPS NO SECRETS.

AS YOUR LARGEST—AND MOST TRUTHFUL—ORGAN, SKIN CAN REVEAL A LOT ABOUT YOUR INNER HEALTH, HYDRATION AND STRESS LEVELS, SLEEP QUALITY, DIGESTION, DIET, AND RATE OF CELLULAR AGING.

Each day, our skin's exposed to external aggressors that change oxygen molecules into **Free Radicals** which damage cell walls and connective tissue. The faulty cell then mutates, carrying the damage in its blueprint. These Free Radicals are responsible for breaking down our skin's collagen, resulting in unflattering skin blemishes, wrinkles, dark spots, fine lines and loose, saggy skin.

Vitamins are essential for the health of the skin; they reduce wrinkles, rejuvenate the skin, enhance water binding capacity, increases skin elasticity, act as an antioxidant agent, & protect & treat sun-damaged skin.

YZ Derma Skincare is a **Premium Treatment** range that **ONLY** uses **Natural Ingredients** that are therapeutic and work in harmony with your skin with **NO harmful chemicals plus is cruelty-free & Vegan.**

PLANT-BASED OIL INGREDIENTS

YZ Derma Skincare is a treatment line using **Natural Ingredients** plus a combination of **Unsaturated Oils** that help in preventing skin aging.

natural plant-based oils assist the skin in proper function and health. The benefits for the skin arise from their complex chemical makeup, active constituents, and synergy.

BENEFITS OF OIL INGREDIENTS:

- **PROTECTIVE ANTIOXIDANT & ANTIMICROBIAL PROPERTIES**
- **BALANCING / REDUCING SKIN OILS**
- **CALMING INFLAMMATION OR IRRITATION**
- **HELPING TO PRESERVE & IMPROVE SKIN HYDRATION**
- **SUPPORT IN HEALING & REPAIRING SKIN**
- **NOURISHING EMOLLIENT**
- **AN ABUNDANCE OF ANTI-AGING PROPERTIES IMPROVING APPEARANCE OF FINE LINES & WRINKLES**

Hyaluronic Acid Range

HYALURONIC ACID BENEFITS FOR ANTI-AGING

- Hyaluronic Acid is the most effective **moisturizing** agent for the skin, which is the base for healthy beauty and anti-aging routine.
- Hyaluronic Acid maintains the **hydration** balance thanks to its strong ability to **retain** water. It fills the space between Collagen fibers in the dermis, leading to the appearance of volume.
- During the aging process, the production of Hyaluronic Acid **decreases**, therefore, skin requires Hyaluronic Acid from an external source in order to maintain a healthy appearance.
- Hyaluronic Acid has the ability to draw and retain moisture from the environment and lock it in within the skin barrier so, it helps **support** and **strengthen** your **skin barrier** to help it function effectively.
- The products of the Hyaluronic Acid Line form a film at the surface of the skin and help the skin **regulate** its water balance. This film also protects the skin from **external aggressions**.
- Regular use of the Hyaluronic Acid line leads to younger-looking skin, that feels soft and smooth all day long. The products are suitable for all skin types.

PREBIOTIC RANGE

THE POWER OF PREBIOTICS NOURISH & PROTECT SKIN WITH PREBIOTIC POWER

PREBIOTICS PROVIDE AN ABUNDANCE OF SKINCARE BENEFITS, FROM STRENGTHENING YOUR SKIN'S BARRIER TO BALANCING YOUR MICROBIOME, PREBIOTICS SUPPORTS THE GROWTH AND BALANCE OF HEALTHY BACTERIA TO TARGET SIGNS OF AGING & HELP DEFEAT DULL-LOOKING, SKIN.

PREBIOTIC VS. PROBIOTIC

Prebiotics are not to be confused with probiotics. Prebiotics help nurture and feed the skin's microbiome – or the bacteria (both good and bad) that lives on the skin. Probiotics are the living bacteria in the microbiome that consumes prebiotics.

Simply put, prebiotics is the "food" of probiotics. Skincare products do not typically contain probiotics or "live active cultures" such as the ones found in yogurt and sauerkraut. The topical benefits of prebiotics in your skincare routine include balancing the skin's microbiome while strengthening the skin barrier for a nurtured, glowing complexion.

MICROBIOME MAINTENANCE

Everyone's microbiome needs good balance to maintain a healthy skin barrier – skin's first line of defense. Consider your microbiome to be like your fingerprint in that it's unique to you.

Prebiotics work to feed the bacteria within your microbiome to balance and strengthen the barrier. An unbalanced microbiome can cause the skin to perform less effectively, resulting in signs of aging like wrinkles, dryness, and redness. When the microbiome is balanced, it promotes optimum skin barrier health.

FEATURES AND BENEFITS

Collagen is the main component of the dermis.

Collagen and elastin are the skin's proteins responsible for its elasticity, tone, and texture. The collagen instant lifting serum is based on hydrolyzed collagen which protects and hydrates the skin. This serum is designed to help restore the skin youthful and fresh appearance. Regular use of this serum leaves the skin firm, moisturised and relaxed.

DIRECTIONS FOR USE

Apply a few drops on to a cleansed face and massage it gently in upward strokes until it's absorbed in.
