

INFUSION

RESTORES RADIANT SKIN FROM CURRENTS GENTLY RESURFACING THE EPIDERMIS BY FEEDING THE DERMIS TO ENCOURAGE CELLULAR RENEWAL.

The facial infusion treatment option enhances product absorption to create visible and instant results with the microcurrent technology.

The current rapidly pulsate to create channels, driving active ingredients deep into the skin for optimal restoration and rejuvenation.

We offer a range of professional serums through Yaffa's YZ Derma Skincare Range - Chemical Free & Vegan.
