Nature's Gift to Beauty

Discover Younger Looking Skin

Yaffa Zhav CEO

Australia's climate is uniquely harsh, dehydrating and prematurely ageing skin like no other place on earth. Many have sought an answer to our climate through technology, but it took a woman of passion - Yaffa Zhav - to turn back to nature itself for the answer.

Years of research by Yaffa have unlocked secrets unique to the very essence of the rose - and revealed within this symbol of love a host of powerful qualities that are unmatched in delivering skin care results for Australian women. Relax while you hydrate and nourish your skin - it smells divine, it feels superb, and nothing hydrates more effectively.

DEEPER HYDRATION

Yaffa Zhav Natural Rose Face and Body Oil is vastly superior to Day and Night creams, penetrating deeper into the skin for more thorough skin hydration.

EXTENDED PROTECTION

Yaffa Zhav Natural Rose Face and Body Oil delivers radically better performance than traditional moisturisers, hydrating, nourishing and rejuvenating for up to 24 hours after application. That's extended insurance against our punishing climate.

SMOOTH & SILKY, HEAD TO TOE

Just like the name says, Yaffa Zhav Natural Rose Face and Body Oil is perfect for use all over your face and body. Enjoy its gorgeous fragrance while you spoil yourself with silky smoothness all over.

PERFECT IN ITS PURITY

Yaffa Zhav Natural Rose Face and Body Oil is 100% natural, chemical free, and perfect for all skin types - even sensitive skin. Only premium ingredients are used, and naturally, it is also proudly Australian made, hypo-allergenic, and involves no testing on animals whatsoever.
